 In this class we will start with a method called Notan, meaning light dark harmony. By applying a Notan to establish an underpainting. We can easily recognize the balance of light and dark. Notan helps to eliminate the confusion and set the ground work for finishing a painting. Once the Notan is completed, you will finish it off by rendering it in color. Shirley will make this method easy to learn by selecting a subject that can be accomplished in a 3-day class. It's another opportunity for advancing both your knowledge & your painting skills.
